Visual Merchandising

PrismaTec is Vutec's unique rear screen technology.

PrismaTec is a high gain rear projection screen, with a gain of 5.0, that delivers brilliant, sharp images in high ambient lighting. With its wide viewing area, PrismaTec is a versatile rear projection screen that performs well in all commercial environments including houses of worship and educational venues, and is ideal for digital signage applications.

HIGH CONTRAST

VIVID COLORS

PrismaTec's superior gain and high contrast properties eliminate the need for presenting in controlled lighting environments. The screen is available in fixed frame or free hanging systems, in 4:3, 16:9, 2:35:1, and 1:1 formats, for home theater and commercial applications. Sizes are available up to 80x144 inches. Multi-plexing PrismaTec screens for large venues is easily accomplished through Vutec's custom engineering.
