

RETRACTA-VU PRO^{*}

Motorized Rising Arm Screen / Supported Fabrics

Retracta-Vu Pro is Vutec's patented motorized rising-arm screen featuring Vu-Flex Pro self-supported fabric. Retracta-Vu Pro is adaptable to fit any room's infrastructure and can retract into either a customized cabinet or directly into the floor. Available in sizes up to 300" diagonal, Retracta-Vu Pro™ comes in 4:3, 16:9 and 2.35:1 formats.

Features

- Screen can be cabinet mounted or recessed in floor
- Includes Vutec's Vu-Flex Pro internally-tensioned fabric
- Available from 84" to 300" diagonal
- Interfaces with low voltage relays, IR and RF remote controls
- Requires Vutec consultation and sign-off

Options

- Custom cabinetry available

Sizes

- (4:3) : 84" - 300" diagonal
